SYNTHETIC DEMO SOLICITATION — NOT AN ACTUAL GOVERNMENT REQUIREMENT

PART IV — REPRESENTATIONS AND INSTRUCTIONS

SECTION M — EVALUATION FACTORS FOR AWARD

Solicitation No. W56KGU-27-R-0041 · Army Maintenance Records Modernization · Department of the Army

M.1 BASIS FOR AWARD

The Government intends to award a single contract resulting from this solicitation to the responsible offeror whose proposal, conforming to the solicitation, represents the best value to the Government using a tradeoff process in accordance with FAR 15.101-1. The Government may award to other than the lowest priced offeror or other than the highest technically rated offeror. The Government intends to award without discussions but reserves the right to conduct discussions if determined necessary by the Contracting Officer.

M.2 EVALUATION FACTORS AND RELATIVE IMPORTANCE

Proposals will be evaluated on the following factors:

Factor	Title	Evaluated from	Rating method
1	Technical Approach	Volume I — Technical	Combined technical/risk rating
2	Management Approach	Volume II — Management	Combined technical/risk rating
3	Past Performance	Volume III — Past Performance	Performance confidence assessment
4	Price	Volume IV — Price	Evaluated, not rated

Technical Approach is more important than Management Approach, which is more important than Past Performance. All non-price factors, when combined, are significantly more important than Price.

M.3 FACTOR 1 — TECHNICAL APPROACH

The Government will evaluate the offeror's approach to digitizing and extracting data from equipment maintenance records (DA Form 2404, DA Form 5988-E and the DA Form 2408 logbook series), posting that data to GCSS-Army for readiness reporting, and operating the solution in a DoD Impact Level 5 environment under the Risk Management Framework and DFARS 252.204-7012.

The Technical Approach factor consists of the following subfactors, which are of equal importance:

(a) Maintenance record digitization and data extraction

(b) GCSS-Army integration and readiness reporting

(c) Cybersecurity and Risk Management Framework compliance

This factor will be evaluated from Volume I — Technical. The Government will assign a combined technical/risk rating.

M.4 FACTOR 2 — MANAGEMENT APPROACH

The Government will evaluate the qualifications and committed availability of the Program Manager and Solution Architect, the offeror's plan to assume full responsibility within 60 days of award, and its approach to staffing the effort with personnel who hold the required Secret clearances.

The Management Approach factor consists of the following subfactors, which are of equal importance:

(a) Key personnel

(b) Transition-in plan

(c) Staffing and security clearances

This factor will be evaluated from Volume II — Management. The Government will assign a combined technical/risk rating.

M.5 FACTOR 3 — PAST PERFORMANCE

The Government will assess confidence based on recent and relevant performance on maintenance data, logistics information systems or records digitization efforts for the Department of Defense.

The Past Performance factor consists of the following elements:

(a) Recency

(b) Relevancy

(c) Quality

This factor will be evaluated from Volume III — Past Performance. The Government will assign a performance confidence assessment rating.

M.6 FACTOR 4 — PRICE

Price will be evaluated for reasonableness. Total evaluated price is the sum of all fixed-price CLINs for the base and option periods. Price will not be rated. The Government will evaluate price for reasonableness in accordance with FAR 15.404-1 and may evaluate for balance. Unbalanced pricing may be grounds for rejection of the proposal.

M.7 RATING DEFINITIONS

Table M-1. Combined technical/risk ratings (color and adjectival, consistent with the DoD Source Selection Procedures)

Color	Rating	Description
Blue	Outstanding	Proposal indicates an exceptional approach and understanding of the requirements and contains multiple strengths, and risk of unsuccessful performance is low.
Purple	Good	Proposal indicates a thorough approach and understanding of the requirements and contains at least one strength, and risk of unsuccessful performance is low to moderate.
Green	Acceptable	Proposal indicates an adequate approach and understanding of the requirements, and risk of unsuccessful performance is no worse than moderate.
Yellow	Marginal	Proposal has not demonstrated an adequate approach and understanding of the requirements, and/or risk of unsuccessful performance is high.
Red	Unacceptable	Proposal does not meet requirements of the solicitation and, thus, contains one or more deficiencies, and/or risk of unsuccessful performance is unacceptable. Proposal is unawardable.

Table M-2. Past performance confidence assessment ratings

Rating	Description
Substantial Confidence	Based on the offeror's recent/relevant performance record, the Government has a high expectation that the offeror will successfully perform the required effort.
Satisfactory Confidence	Based on the offeror's recent/relevant performance record, the Government has a reasonable expectation that the offeror will successfully perform the required effort.

Rating	Description
Neutral Confidence	No recent/relevant performance record is available or the record is so sparse that no meaningful confidence assessment rating can be reasonably assigned. The offeror may not be evaluated favorably or unfavorably on the factor of past performance.
Limited Confidence	Based on the offeror's recent/relevant performance record, the Government has a low expectation that the offeror will successfully perform the required effort.
No Confidence	Based on the offeror's recent/relevant performance record, the Government has no expectation that the offeror will be able to successfully perform the required effort.

SECTION L — EXCERPT

L.4 PROPOSAL VOLUMES AND PAGE LIMITATIONS

Offerors shall submit the following volumes. Pages in excess of the stated limits will not be evaluated.

Volume	Page limitation
Volume I — Technical	Not to exceed 25 pages
Volume II — Management	Not to exceed 15 pages
Volume III — Past Performance	Not to exceed 10 pages
Volume IV — Price	No page limit
