RESTRICTION ON DISCLOSURE AND USE OF DATA (FAR 52.215-1(e))

This proposal includes data that shall not be disclosed outside the Government and shall not be duplicated, used, or disclosed — in whole or in part — for any purpose other than to evaluate this proposal. If, however, a contract is awarded to this offeror as a result of — or in connection with — the submission of this data, the Government shall have the right to duplicate, use, or disclose the data to the extent provided in the resulting contract. This restriction does not limit the Government's right to use information contained in this data if it is obtainable from another source without restriction. The data subject to this restriction are contained in all pages of this volume.

1. Key Personnel

Program Manager Danielle Rourke (PMP, 18 years, retired Army maintenance officer) leads our Army Materiel Command pilot. Solution Architect Priyanka Desai (14 years) designed the pilot's extraction pipeline.

Both key personnel are current Sentryline employees, hold active Top Secret clearances and are committed full time from contract award.

2. Transition-In Plan

Sentryline will complete transition-in within 45 days of award, ahead of the required 60: knowledge transfer in days 1 to 20, parallel operations in days 21 to 40, and full assumption of responsibility by day 45.

3. Staffing and Security Clearances

Ninety-two percent of the proposed staff are current Sentryline employees, and all of them hold active Secret clearances. Our annual retention rate across defense programs is 91 percent.
