SYNTHETIC DEMO COST ESTIMATE — NOT AN ACTUAL GOVERNMENT ESTIMATE

INDEPENDENT GOVERNMENT COST ESTIMATE

Solicitation 36C10B-27-R-0057 · Veterans Claims Intake Modernization · Department of Veterans Affairs · Technology Acquisition Center (TAC), Eatontown, NJ

1. Purpose

This Independent Government Cost Estimate (IGCE) supports the evaluation of price reasonableness for the requirement above. It was prepared by the program office without input from any prospective offeror.

2. Basis of estimate

Labor hours are drawn from the Veterans Benefits Administration document intake pilot (2023 to 2025) and scaled to national claim volumes of roughly 1.6 million claims a year. Labor rates use GSA Multiple Award Schedule ceiling rates for comparable categories, escalated 2.5 percent a year. The base year includes one-time platform build and transition-in costs that do not recur in the option years.

3. Estimate by CLIN and period

CLIN	Description	Base year	Option year 1	Option year 2	Option year 3	Option year 4	Total
0001	Claims intake platform build and operations	$1,400,000	$1,200,000	$1,200,000	$1,200,000	$1,200,000	$6,200,000
0002	Document classification and data extraction	$800,000	$750,000	$750,000	$750,000	$750,000	$3,800,000
0003	Contact center and workload integration	$600,000	$500,000	$500,000	$500,000	$500,000	$2,600,000
0004	Program management	$300,000	$275,000	$275,000	$275,000	$275,000	$1,400,000
	Total estimate	**$3,100,000**	**$2,725,000**	**$2,725,000**	**$2,725,000**	**$2,725,000**	**$14,000,000**

All amounts are firm-fixed-price estimates in U.S. dollars and include labor, travel and other direct costs. The total estimate for the base year and all four option years is $14,000,000.
