RESTRICTION ON DISCLOSURE AND USE OF DATA (FAR 52.215-1(e))

This proposal includes data that shall not be disclosed outside the Government and shall not be duplicated, used, or disclosed — in whole or in part — for any purpose other than to evaluate this proposal. If, however, a contract is awarded to this offeror as a result of — or in connection with — the submission of this data, the Government shall have the right to duplicate, use, or disclose the data to the extent provided in the resulting contract. This restriction does not limit the Government's right to use information contained in this data if it is obtainable from another source without restriction. The data subject to this restriction are contained in all pages of this volume.

1. Data Platform Architecture

NorthBridge will provide a centralized data warehouse hosted in a commercial cloud region, loaded nightly from institute source systems.

2. Privacy and Data Protection

All platform users authenticate with agency single sign-on and data is encrypted at rest. NorthBridge will follow NIH policies as directed by the contracting officer's representative.

3. Researcher Self-Service Analytics

Researchers will receive standard dashboards for each program, refreshed nightly, and can request new dashboards through a ticket queue.
