RESTRICTION ON DISCLOSURE AND USE OF DATA (FAR 52.215-1(e))

This proposal includes data that shall not be disclosed outside the Government and shall not be duplicated, used, or disclosed — in whole or in part — for any purpose other than to evaluate this proposal. If, however, a contract is awarded to this offeror as a result of — or in connection with — the submission of this data, the Government shall have the right to duplicate, use, or disclose the data to the extent provided in the resulting contract. This restriction does not limit the Government's right to use information contained in this data if it is obtainable from another source without restriction. The data subject to this restriction are contained in all pages of this volume.

1. Staffing and Key Personnel

Program Manager Marisol Ortega (PMP, 17 years) currently leads Apex's Air Force Materiel Command migration program of 85 staff. Cloud Architect Devin Park (AWS and Azure professional certifications, 12 years) is the technical authority for the factory.

Both key personnel are current Apex employees and are committed full time from contract award.

2. Transition-In Plan

Apex will complete transition-in within 45 days of award: knowledge transfer and shadowing in days 1 to 20, joint operations in days 21 to 40, and full assumption of responsibility by day 45, ahead of the required 60 days.

3. Risk Management

Apex maintains a weekly risk review with the Government program office. Risks are scored on likelihood and impact, assigned an owner, and tracked to closure in a shared register.
