Purchasing office	Willowmere Unified School District, Purchasing Department	Fleet	88 buses, about 64 routes

1. PURPOSE

This estimate supports the cost evaluation of proposals received under the RFP above: each proposer's total is compared with it, and individual price items more than 25 percent above or below their estimate line are reviewed for balance. It was prepared by District staff before proposals were opened and without input from any proposer.

2. BASIS OF ESTIMATE

Subscription pricing is based on per-bus licensing for a fleet of 88 buses, drawn from two neighbouring districts' recent awards and escalated 3 percent a year. Hardware assumes one GPS unit and one RFID reader per bus with installation. Year 1 carries the one-time implementation, route conversion, SIS integration and hardware costs, which do not recur in Years 2 to 5.

3. ESTIMATE BY PRICE ITEM AND YEAR

All amounts are firm fixed price estimates in U.S. dollars. The total estimate for the full five-year term is $1,500,000.
