SYNTHETIC DEMO RFP — NOT AN ACTUAL DISTRICT PROCUREMENT

SECTION 1 — INTRODUCTION AND SCHEDULE OF EVENTS

RFP No. WUSD-RFP-27-021 · Student Transportation Routing and Fleet Management

1.1 PURPOSE

The Willowmere Unified School District (11,800 students in 18 schools) requests proposals for student transportation routing and fleet management for its fleet of 88 buses and about 64 daily routes, under a firm fixed price, 3-year initial term with two optional 1-year renewals.

1.2 SCHEDULE OF EVENTS

Event	Date
RFP issued	September 22, 2026
Pre-proposal conference	10:00 AM Pacific, Thursday, October 1, 2026, Willowmere USD Transportation Center, 2150 Depot Road, Willowmere, OR 97000 (attendance optional)
Written questions due	October 9, 2026
Proposals due	2:00 PM Pacific, October 27, 2026
Evaluation committee scoring	November 2026
Board of Education action on the recommendation of award	December 10, 2026
Notice of Intent to Award issued to all proposers	The business day after Board approval

SECTION 2 — SCOPE OF WORK

Willowmere Unified School District serves about 11,800 students in 18 schools across a suburban and rural service area of about 240 square miles. The District's Transportation Department operates 88 buses on 64 daily routes, 12 of which serve students whose individualized education programs (IEPs) require specialized transportation, and carries about 6,900 students each school day.

Routes are planned today by hand in spreadsheets and paper maps, and rebuilding the routes each summer takes the District's routing coordinator about six weeks. Special education routes are planned by hand, one student at a time, to meet the door-to-door pickup, wheelchair lift, bus aide and maximum ride time requirements in students' IEPs. Buses have no real-time location tracking, so parents and schools phone dispatch when a bus is late, and the District has no reliable record of which students boarded or exited which bus.

The District seeks a hosted routing and fleet management system, with GPS and RFID hardware installed on all 88 buses, that will: plan and optimize general education and special education routes, including transportation required under the Individuals with Disabilities Education Act (IDEA); show dispatchers each bus's location in real time and alert them to late or off-route buses; record each student's boarding and exiting with an RFID student card; and give parents and students a mobile app with live bus locations and stop arrival notifications in families' home languages.

Student data must be protected in compliance with FERPA and COPPA, and the selected proposer, together with any subcontractor or third-party product that handles student data, must sign the District's student data privacy agreement. Student enrollment, addresses, schools and transportation eligibility must be imported from the District SIS through OneRoster or a nightly secure file, staff must sign in through the District's SSO/SAML identity provider, and parent and staff screens must conform to WCAG 2.1 AA.

SYNTHETIC DEMO RFP — NOT AN ACTUAL DISTRICT PROCUREMENT

The District plans to award at its December 10, 2026 Board meeting. The system must be live, with routes converted, SIS integration complete and hardware installed on every bus, before the first day of school on August 25, 2027, so implementation and go-live are expected during summer 2027. The contract has a three-year initial term with two optional one-year renewals.

SECTION 4 — COST PROPOSAL FORM

Proposers shall complete this form in Section 4 of their proposal. Prices are firm fixed prices for the full five-year term (the three-year initial term and both optional renewal years) and include all licensing, implementation, hardware, training, travel and other costs.

Item	Description	Year 1	Years 2–5	Total (5 years)
0001	Routing and fleet software subscription (5 years)	$_____	$_____	$_____
0002	Implementation, route conversion and SIS integration	$_____	$_____	$_____
0003	GPS and RFID hardware and installation (88 buses)	$_____	$_____	$_____
0004	Training and support	$_____	$_____	$_____
	Total proposed cost			$_____

SECTION 6 — EXCERPT: BASIS OF AWARD

The District will award to the responsive and responsible proposer whose proposal is most advantageous to the District, determined by the highest total score out of 100 points. Award is subject to approval by the Willowmere Unified School District Board of Education. The complete evaluation criteria and scoring are in Section 6, Evaluation Criteria and Scoring.
